Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III Yes No

1 Briefly describe the organization's mission:

The mission of Health and Education for Haiti is to work collaboratively with the Haitian people to address their critical needs, especially those related to health and education. We structure our work into four program areas: medical missions, education, infrastructure, and basic needs.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code: 100) (Expenses \$ 36,061 including grants of \$ 6,897) (Revenue \$ _____)

Health and Education for Haiti's first major program area is medical missions. During 2016, we conducted five one-week medical missions to the Grande Anse Department of Haiti and treated approximately 4,500 patients. Our volunteer doctors and nurses donated over 3,000 hours seeing patients. The volunteers paid all of their travel costs to and from the city of Jeremie. Our volunteers diagnosed each patient and provided them with medications to treat their conditions. We also made over 200 referrals for people with serious or chronic conditions to other providers and paid all of the expenses for their care, including a small travel stipend based on their distance from the provider. Of those over 200 referrals, 33 people were referred to Port-au-Prince or other major location for serious conditions that could not be treated in the Jeremie area. We provided funds to these individuals so they could travel and pay for their medical care.

4b (Code: 200) (Expenses \$ 34,720 including grants of \$ 34,007) (Revenue \$ _____)

Health and Education for Haiti's second major program area is education. During 2016, we provided several grants that enabled us to assist over 1,500 students to attend primary or secondary school. Grants totaled \$500 to assist 3 individual students with tuition payments. These students have special needs identified through our medical missions. These funds were paid to the parents of the special needs children upon inspection of the bill from the special needs school and a prognosis from the school. In addition, Health and Education for Haiti also subsidizes teacher salaries to reduce the overall cost of schooling to make it less expensive for all. Grants of \$31,422 were paid directly to 3 schools to cover significant portions of teacher salaries. Over 1,500 students attend these three schools: St. Paul's Parish School (Grades 1-12, over 750 students), Heart of Jesus School (Grades 1-6, over 600 students), and College Notre Dame (Grades 7-12, over 120 students) benefited from these grants with significantly reduced education costs. College Notre Dame is the only secondary school within a 15 mile radius, so it is an enabler for these students who otherwise wouldn't attend secondary school. Additionally, a grant for \$1,485 was awarded to support the college education of one student in the Leon region recommended by the Executive Director of Orphelinet Coeur d'Jesus as an exceptional student with no other means to obtain the funding to attend the University.

4c (Code: 300) (Expenses \$ 22,940 including grants of \$ 21,550) (Revenue \$ _____)

Health and Education for Haiti's third major program area is infrastructure. During 2016, we provided a grant for \$12,500 for the building of a childrens clinic at a school we support. We also continued our club foot program at the main hospital in Jeremie. We continue to pay for the nurses and materials for the bi-weekly castings to treat over 10 children. This year we provided individual grants of \$505 to send 3 of our children to Port-au-Prince to complete their final care. Additionally, the Grande Anse region was struck by a devastating hurricane in October of 2016. We provided \$8,545 in grants for building repairs to 2 of the schools affected by the hurricane.

4d Other program services (Describe in Schedule O.)

Part V Supplemental Information

Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Part I, line 2

Health and Education for Haiti monitors all grants given to organizations. Our Executive Director, Pat Labuda, goes to Haiti at two to three times per year and meets with each organization we grant funds to. She makes an evaluation of how these organizations have used the funds. We also request an accounting from the organization of how they use the funds. We ask that they provide us with receipts and retain the receipts when we can or leave them with the organization when needed for future purposes. Individual grants are also monitored. All our individual grants are medical referrals or tuition assistance. Medical referrals are granted a small travel stipend based on their distance to Jeremie to enable them to travel to receive their medical care. This travel stipend is set by our Executive Director who bases it on actual costs. All our referrals are tracked on a referral form. Chronic cases must provide her with proof of receiving care and a prognosis for additional grants to continue receiving care.

Part I, column (f), line 3

Health and Education for Haiti uses the accrual method for accounting for cash and non-cash expenditures. We account using actual expenses throughout the year. The amounts for hospital expenses for the period between October and year-end are not reasonably estimable and are typically less than 3% of expenses. Therefore, we have elected not to accrue these expenses, and they are not included in the amount reported in this column

Part II, line 1 and Part III

Health and Education for Haiti uses the accrual method for accounting for expenditures. We account using actual expenses throughout the year. We have no year-end accruals. At this time we are giving grants with a single payment.

Part III, column c

Health and Education for Haiti retains a record of all referrals. Each referral to Port-au-Prince has their grant amount tracked by issuing a check for the grant, when possible. Additionally, this referral listing provides a total count, including those who only received the travel stipend for the costs of travel to Jeremie. All educational/tuition assistance is tracked by the individual student or school depending on if the funds were given directly to the school, a partner organization, or the student directly.

Part VI, line 1a

Health and Education for Haiti does have an Executive Committee that has been delegated Board authorities. The Executive Committee has three (3) Board members on it, and consists of the Board members with the most experience in Haiti. When necessary, the Executive Committee meets to make certain decisions, typically project funding decisions, and reports those decisions back to the full Board.

Part VI, line 2

Part VI, line 11b

Part VI, line 15

Health and Education for Haiti includes requirements for compensation approval in section 5 of our Conflict of Interest policy, which is included in our bylaws. The purpose of the policy is to ensure that officers and directors are paid a fair wage for their service, and are not in a position to influence the amount of their compensation. The policy precludes an individual from voting on their compensation and board members must be free from conflicts of interest. The policy also requires the compensation committee to obtain and rely on appropriate data to determine compensation. To date all directors and officers have served on a volunteer basis.

Part VI, line 19

Health and Education for Haiti has posted our Form 1023, which includes our bylaws and articles of incorporation, on our website and also makes them available upon request. Our bylaws include our conflict of interest policy. We also post our annual 990 on our website, on Guidestar, and make them available upon request. The 990 contains our financial statement data. Any other requests for information for items such as: certificates of authority, charitable solicitation registrations, and more detailed financial statements will be evaluated and may be provided upon request if deemed in our interest or if required to comply with Federal or State legislation or policy.

Part XII, line 2

Health and Education for Haiti is committed to providing open and transparent financial information to financial statement users. Due to the significant cost to obtaining a financial statement review or audit by an independent public accounting firm, our board has enacted a policy to obtain such a review or audit when required by state law or otherwise deemed in the best interests of Health and Education for Haiti.

Maryland law requires that a non-profit obtain a financial statement review or audit when contributions exceed \$200,000 or \$500,000 respectively in a particular year. Other reasons our Board may desire a review or audit include grant writing or participation in workplace giving campaigns such as the Federal Government's Combined Federal Campaign.

The Board of Health and Education for Haiti has not required a financial statement review or audit for 2015, nor have our revenues required such a review or audit under state law. Therefore, we have elected not to have an audit or review performed to save funds for program purposes.
